

# Blue Moon Sub instructions

## step 1

Print the partson thicker paper, and then gather your papercrafting tools! ;o)

p. 1/1

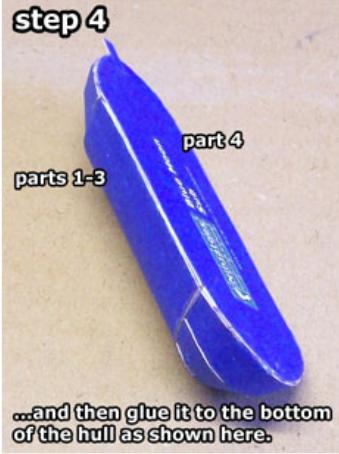

## step 2

## step 3

## step 4

## step 5

## step 6

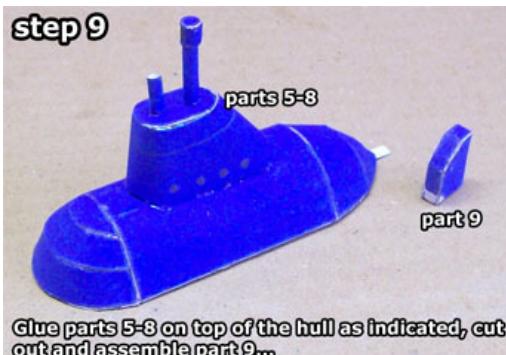

## step 7

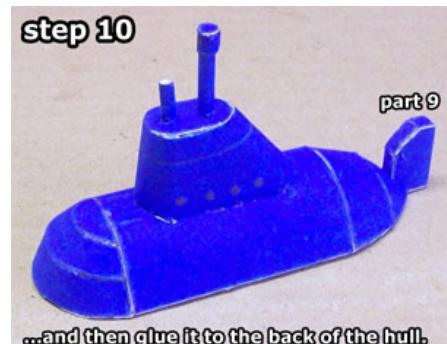

## step 8

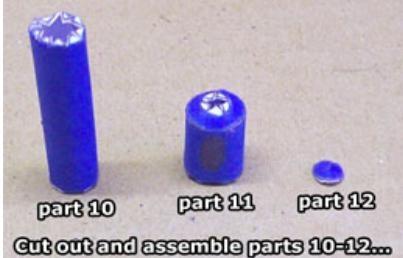

## step 9

## step 10

### Step 11

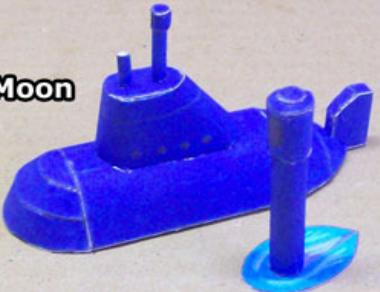

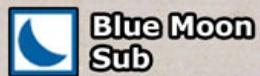

### Step 12

...and glue them together. The periscope can stand on its own, but you can glue it on top of part 13 for a better balance if you want to.

### Step 13

Thank you for building a Ninjatoes' papercraft model!
